

Comments Submitted 12/2/22

POLICY:

The OCO notes the deletion of Policy statement II from the version of the policy published on 3/22/22. The OCO encourages DOC to forego this deletion and instead explicitly state the department's commitment to actively recruiting from and engaging with "educational, cultural, religious, and various socioeconomic groups in the community in pursuing volunteers" in the Policy statement or elsewhere in 530.100.

DIRECTIVE:

Throughout: The policy identifies the "Director of Correctional Services" as being tasked with several key duties. However, this position does not appear to exist within DOC. In light of this, the terminology should be corrected/updated.
