MONTHLY OUTCOME REPORTS

- Starting Sept 1, 2020, all cases opened by OCO are considered “investigations” for the purposes of the RCW, which require a public report with a decision on each complaint. The public report is being fulfilled through our monthly outcome reports that provide an anonymous synopsis of every case closed in the prior month – currently have reports out for September and October available on the OCO website. These reports are the best indication of the majority of work in our office.
